Petition opposing Iowa Select in Wayne County

We – the undersigned residents of Wayne County – **strongly oppose** the application by Iowa Select and Darrel Hunt to build a confinement housing 7,400 head of hogs. The proposed site is just ¾ of a mile from at least 12 neighbors and will pollute our air and water, threaten our health, and lower the value of our homes and farmsteads. We call on Darrel Hunt to withdraw this application –OR– for the Wayne County Board of Supervisors to recommend denial of this application.
